ISBN : #0073522767 | Date : 2014-02-18

Description :

PDF-340c6 | The seventh edition of Basic Biomechanics has been significantly updated from the previous edition. The approach taken remains an integrated balance of qualitative and quantitative examples, applications, and problems designed to illustrate the principles discussed. This edition also retains the important sensitivity to the fact that some beginning students of biomechanics possess weak backgrounds... *Basic Biomechanics*
