ISBN : #0521395690 | Date : 1992-08-28

Description :

PDF-19a19 | Medicine has always had its historians; but until recently it was a history written by and for practitioners. Charles Rosenberg has been one of the key figures in recent decades in opening up the history of medicine beyond parochial concerns and instead viewing medicine in the rich currents of intellectual and social change of the past two centuries. This book brings together for the first time in... *Explaining Epidemics: and Other Studies in the History of Medicine*
