Description :

PDF-2824c | STOOL WITHHOLDING? SOILING? Functional constipation (encopresis) is an increasingly common condition that can cause children aged 2 to 12 years to soil their underwear and have full-blown poop accidents without any awareness that they have to use the toilet. The good news is that the warning signs of functional constipation can be recognized and dealt with before it becomes a source of pain and sh... *The Ins and Outs of Poop: A Guide to Treating Childhood Constipation*
