**: Public Health Communication: Evidence for Behavior Change (Routledge Communication Series)**

ISBN : #0805831770 | Date : 2002-01-03

Description :

PDF-03fa2 | This volume argues the case that public health communication has affected health behavior. It brings together 16 studies of large-scale communication in a variety of substantive health areas--tobacco, drugs, AIDS, family planning, heart disease, childhood disease, highway safety--prepared by the authors who did the original research. These studies show important effects and illustrate the central ... *Public Health Communication: Evidence for Behavior Change (Routledge Communication Series)*
